

Vaping's NOT my Thing

Toxic addiction and irreversible damage should be avoided at all costs.

VAPES destroy our ability to focus, learn, and remember.

Nicotine reaches your brain in **20** seconds, producing dopamine that makes you feel good, but causes **ADDICTION!**

This can change the way your brain functions, and the way you DO.

"I would leave class and use it!"
-Chloe 17, TX

"I was always craving **MORE** and **MORE**"

"It made my anxiety so bad I couldn't even leave the house. I was **SCARED** to go to school."
-Kajia 11 NY

It shouldn't be yours either.
